

June 2015

Dear Future Fourth Grader,

We thought it would be helpful for you to have a list of the school supplies you will need for a successful fourth grade school year.

All supplies are due on the first day of school. Please adhere to the color coded system to make organization easier for your child. If you can label the materials that would be wonderful!

We are looking forward to an exciting year and hope you are too.

Sincerely,  
The Fourth Grade Teachers
