

MIDDLE SCHOOL STUDENT, SRIHAN ADABALA, PLACES FIRST AT "NYS HISTORY DAY COMPETITION"

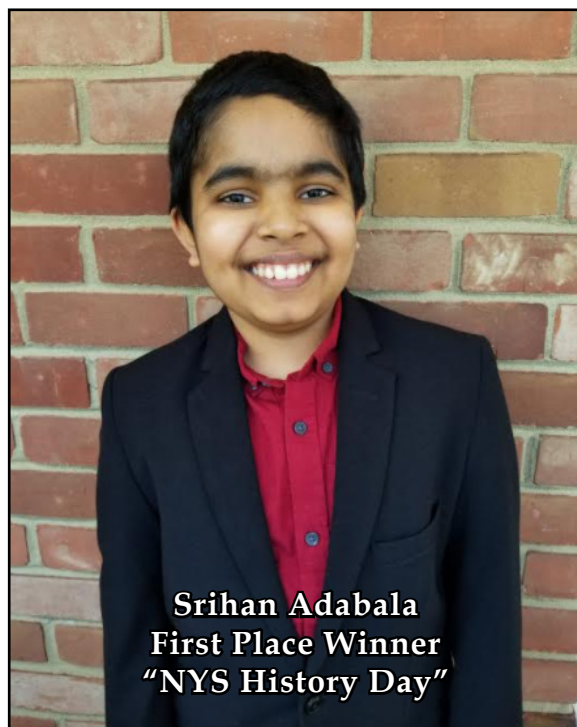

A big congratulations to Srihan Adabala, an eighth-grader in Mrs. Campbell's social studies class at the Middle School.

Srihan worked on a website that competed virtually in the "Regional History Day Competition" based on the theme of "Communication in History" and placed 4th.

As a result Srihan competed virtually in the "NYS History Day Competition" in April. Assisting Srihan with his website was Mrs. Campbell, Mrs. Lasurdo (HS SS teacher), Mrs. Shapiro (HS Librarian), Mrs. McParland (MS Librarian) and Mrs. Gordon (Director of Social Studies and Business).

Srihan worked tirelessly on researching the "Navajo Code Talkers of WWII." At the "NYS History Day" he placed first and is on his way to "National History Day" in June! Here is his website: <https://site.nhd.org/74346412/home>.

Great job, Srihan!!! Good luck at the "National History Day Competition!"

SIXTH-GRADE "CODIN' EAGLES" PLACE FIRST AT UPPER ELEMENTARY HACKATHON

On Friday April 30, 2021 the 6th grade Codin' Eagles Team of:

James Bohuslaw
Louis Constante
Akhil Grandhi

Samvath Karanam
JT Kogel
Maddie Mileo

Naisha Mundra
Andrew Solomon

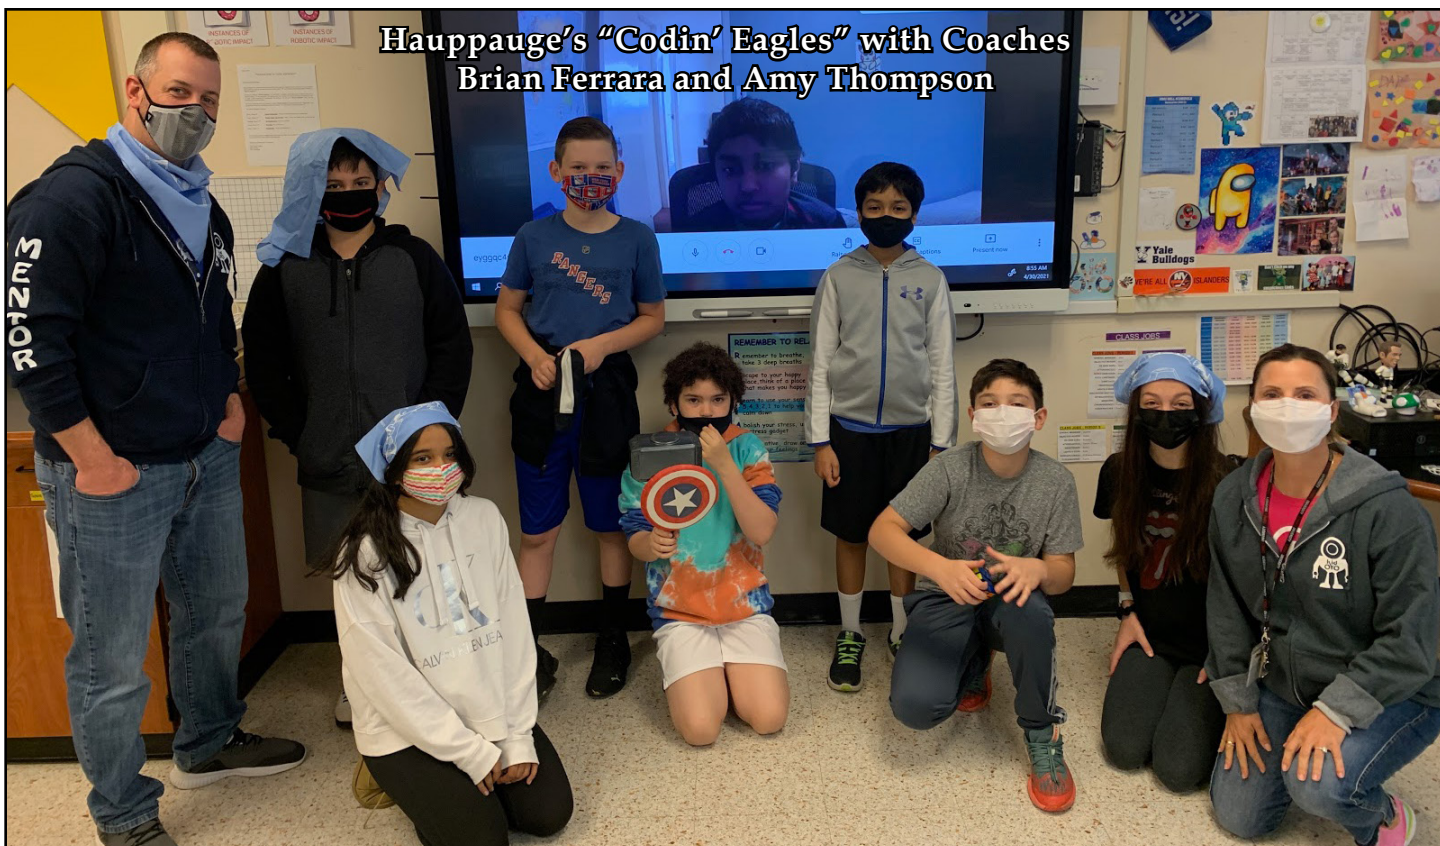

coached by Amy Thompson, Brian Ferrara, and Maryann Mullen, placed first in the inaugural "Upper Elementary Hackathon" hosted by kidOYO.

The Codin' Eagles fought a long battle against 14 other schools before being declared the winners. "The enthusiasm and teamwork of this team was inspirational. There was an excitement and commitment to winning from the beginning of the competition," said Doreen Gordon, Director of Social Studies and Business.

A "hackathon" is a coding competition that pits schools from around Long Island against each other in an attempt to utilize their skills in the *Python*, *Scratch*, and *Piskel* coding languages to win territories

"CODIN' EAGLES"

on a map and earn points (similar to a game of *Risk*). They do this by creating programs and projects that meet specified criteria. The inaugural map had a "Monster" theme, which allowed students to show off their creativity while programming fun games, graphics, and online tools that fit the theme. Over 900 programs were created during the three-hour competition in an attempt to control each of the 47 territories. Hauppauge ended the day with 10 territories - three more than the next closest team.

The day started off quickly with Andrew Solomon getting Hauppauge off to an early lead with two imaginative sprite designs of a "monster under the bed" and a "centaur." The Codin' Eagles built on this lead with the help of a "Vampire Survival Game" and "Haunted House" project designed by JT Kogel, a digital advertisement for a "monster movie" and "scare-o-meter" program created by Akhil Grandhi, a "werewolf transformation animation" and a pixel art picture of *Shrek* drawn in *Python* by Samvath Karanam, an impressive "Find the Loch Ness Monster" game programmed by Maddie Mileo, and two "Monster Island Airship" simulators designed by Naisha Mundra and Andrew Solomon.

At halftime it was also announced that Hauppauge had earned two awards. The first was "Best Team Banner" for a design submitted by Naisha Mundra. The second was for "Best Team Capital De-

Continued on next page . . .

"CODIN' EAGLES"

fense Project." To win this award, Hauppauge's coders, together as a team, created a website that took visitors aboard an "Airship" for a glimpse into "life inside as it escapes from Monster Island". Akhil Grandhi spearheaded the creation of the website, which featured the background story and a blueprint of the airship. By clicking on specific areas of the blueprint, the user was taken to interactive demonstrations or games depicting life on the ship, highlighted by team captain James Bohuslaw's "Monster Battle" from the weapons room and Louis Constante's "Fly the Ship to Safety" simulator, which could only be unlocked by compiling a secret code with numbers earned only by defeating all of the other games on the website. The website can be visited by clicking here: <http://coolr.oyosite.com/monster-capitaldefense.html> Coach Brian Ferrara said, "The Capital Defense Project was not only a fun and impressive website, but the creation of it showcased some of the best teamwork and leadership I've ever seen exhibited by sixth graders. The team took the project from concept to creation in 48 hours leading up to the Hackathon. During this time there were multiple Google Meet sessions, both run by the coaches and run independently by the team, as well as an introduction to an HTML session run by Akhil to teach his teammates how to embed their projects to the website. To say these kids deserved to win due to their hard work is an absolute understatement. I am so proud of them and happy for them to get to see it all pay off."

Coach Amy Thompson added, "Each one of these students showed real commitment and passion for coding. They were very happy to take part in the competition and be a Hauppauge Codin' Eagle. They put in countless hours of work and didn't give up. Many of the skills they used during the competition were self-taught. Each member of the Hauppauge Codin' Eagles brought their own skill set to the competition and rooted for each other. It was an amazing experience for us as coaches to watch these young coders work together to problem solve, to be creative, and to rise above our expectations. In an unusual and challenging year, it was awesome to see our team jumping and screaming in excitement as *kidOYO* declared Hauppauge the winner of the Upper Elementary Hackathon Competition!"

Congratulations to our "Codin Eagles" for making us all proud!

HIGH SCHOOL “ANTI-BIAS COMMITTEE” IS HARD AT WORK AND IS MAKING A POSITIVE IMPACT

The Hauppauge High School Anti-Bias Committee has been hard at work. Recently, students Mackenzie Buscarino, Reagan Cavanagh, Gabrielle Cantanzaro, and Marco Panepinto started up the first-ever Hauppauge High School Anti-Bias Task Force *Instagram* Account.

In conjunction with the Town of Islip's Anti Bias Task force, students learn about all forms of hate and discrimination in our school and community. Students are currently working on an end of the year project to address prejudice and discrimination.

Under the direction of vice principal, Joy Ferrara and with the guidance of Mrs. Becker, Mme. Pavlides, Mrs. Scanlon, Sra. Torres, and Mrs. Viggiano, students are using social media to challenge their classmates to make a positive impact.

Follow *lhs_antibiastaskforce* on *Instagram* and complete the weekly challenges to be a part of this wonderful endeavor.

**Reagan Cavanagh, Mackenzie Buscarino,
Gabrielle Catanzaro and Marco Panepinto**

HIGH SCHOOL WORKFORCE, MILITARY AND CTE STUDENTS ARE RECOGNIZED BY THE BOARD OF EDUCATION

At the Board of Education Meeting on Tuesday, May 4th, High School Workforce, Military and CTE students were recognized. Below is a list of those students and their future plans:

Anthony Errante will be an apprentice at the Electrical Training Center

Christina Fulmer will attend Eastern Suffolk BOCES for Practical Nursing

Jack Geiger will enter the workforce in the area of Plumbing and Heating

Katianna Hintze will attend Eastern Suffolk BOCES for Animal Science

Ryan Kiselewsky will attend Suffolk Community College for Automotive Technology

John Lalli will attend Lincoln Tech for Auto Body

William Loughran will enter the Plumber's Union

James Matarazzo will enter the workforce as an auto mechanic

Tyler Norizsan will attend Eastern Suffolk BOCES for Carpentry

Elijah Rodriguez will enter the workforce in the area of Heating, Ventilation, and Air Conditioning

Arianna Ruggeri will attend Eastern Suffolk BOCES for practical nursing

Christopher Sambuco will enter the workforce as a welder

Matthew Tsororos will enter the Electrician's Union

Christopher Vissicchio will attend Eastern Suffolk BOCES for Plumbing and Heating

Edward Wisneski will enter the workforce as an electrical apprentice

Alexa Zyller will enter the workforce in the area of Cosmetology

Dennis Kaydanov will join the Army National Guard

Congratulations and best of luck in your future endeavors!

HIGH SCHOOL SENIOR IS RECIPIENT OF AWARD FROM "AMERICAN CHEMICAL SOCIETY"

Congratulations go out to High School Senior and AP Chemistry student, Noah Schwartzapfel, who is the recipient of this year's "American Chemical Society's High School Award for Excellence in Chemistry."

The Long Island subsection of the American Chemical Society held its 32nd Annual Awards Ceremony virtually on Thursday, May 6th at 7:00 p.m. Students and faculty were treated to a lecture entitled, "Victor Grignard: From Failing His College Entrance Exams to Earning the First Nobel Prize by a Non-German Educated Chemist" by Dr. Paris Svoronos from Queensborough Community College.

Noah will be honored with a plaque to commemorate his accomplishment which will be mailed to his home, and the high school will be awarded a second plaque which will be mounted outside the classroom of his AP Chemistry teacher, Carolyn Heck, to inspire future student chemists.

Congratulations to Noah on this outstanding achievement!

Noah Schwartzapfel

FOREST BROOK STUDENTS RAISE AWARENESS AND PARTICIPATE IN NATIONAL CHILDREN'S MENTAL HEALTH AWARENESS MONTH

May is "National Children's Mental Health Awareness Month." The goal of this month is to raise awareness about the importance of children's mental health and show that positive mental health is essential to a child's healthy development. This year, Forest Brook focused on supporting mental health awareness and conversations between parents/guardians and their children, especially in light of the current pandemic.

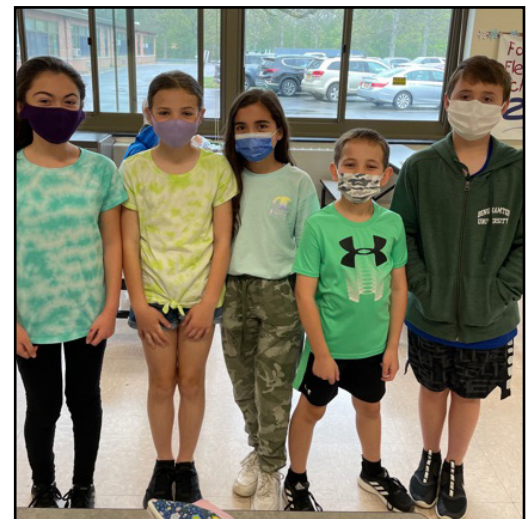

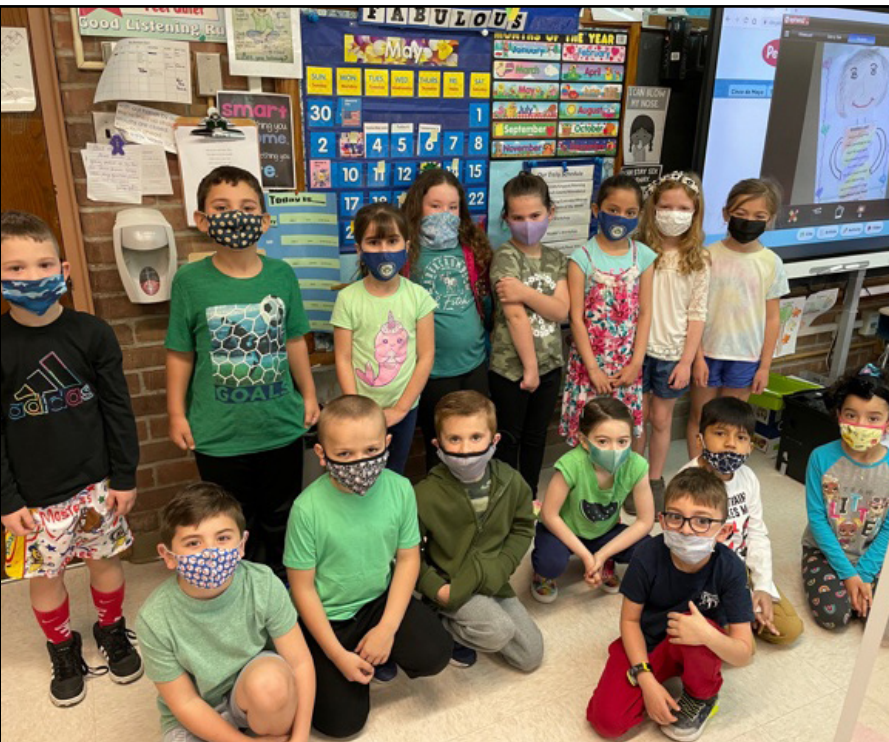

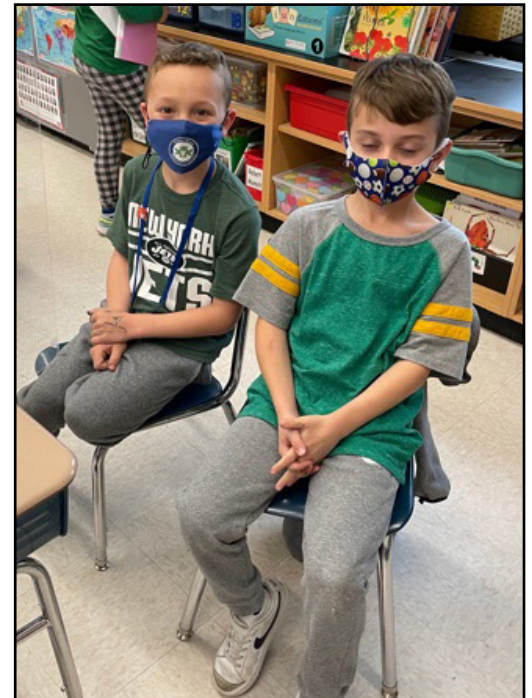

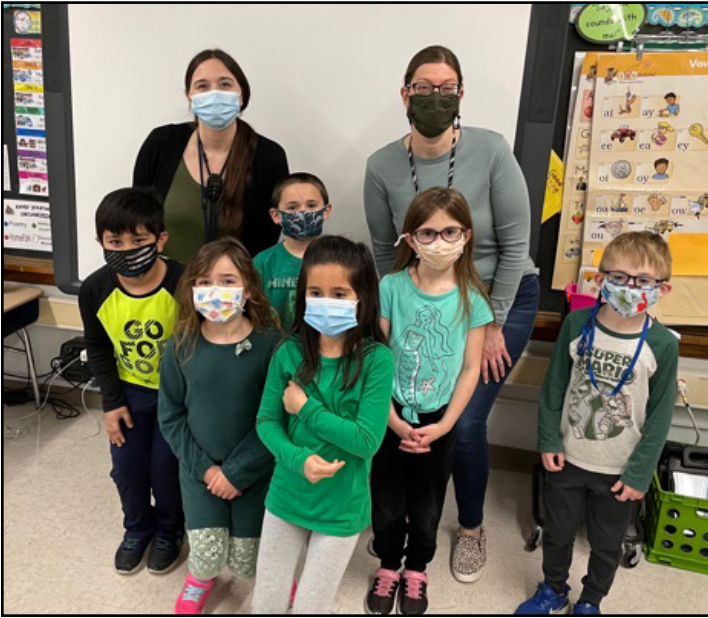

For students, this week focused on nutrition and well-being, mindfulness, exercise and gratitude. All Kindergarten through fifth-grade students had the opportunity to foster positive mental health habits in their lives through positive actions, self-care, healthy behaviors, and social connections.

To show unity and end the stigma surrounding mental health, students were invited to wear green on Wednesday, May 5th. Here are some photos of our students in their green!

TRI-M MUSIC HONOR SOCIETY PRESENTS "LIVE STREAM ACOUSTIC CAFE"

The Tri-M Music Honor Society presented a "Live Stream Acoustic Cafe" on Wednesday, May 5th. The public was able to view the event live on the Eagle Watch YouTube Channel and enjoy more than an hour of performances by students in the Music Department. Some of the performances were made up of original songs!

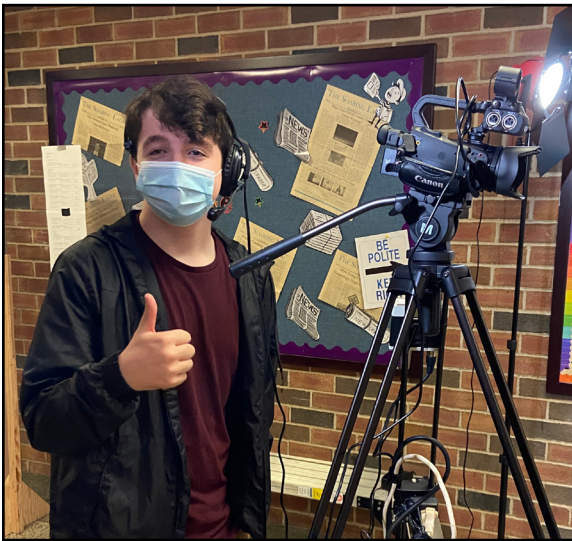

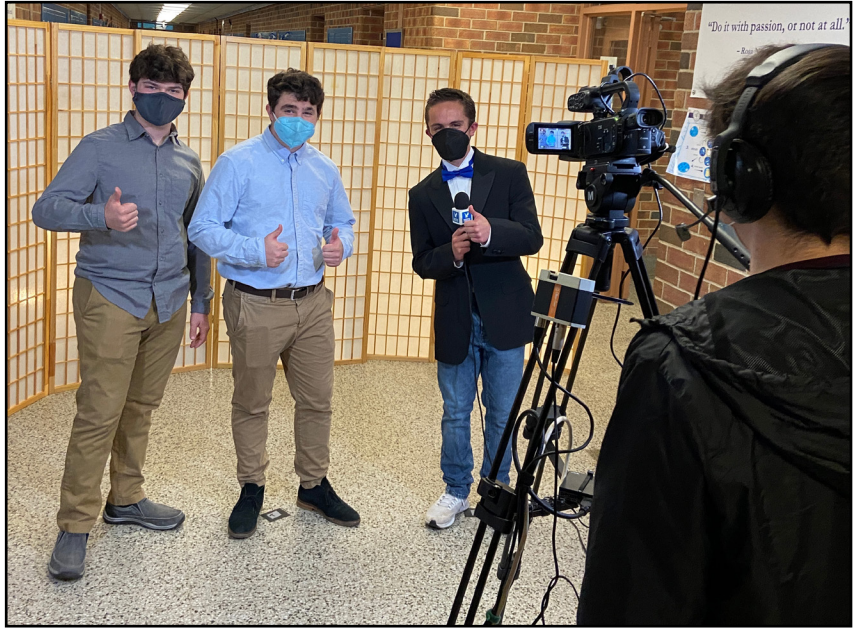

Thank you to Mr. Schaeffler and his Broadcasting students for their hard work in making these performances possible! If you would like to watch the "Live Stream Acoustic Cafe" [click here](#).

Here are some great photos of our the Broadcasting students and the performers!

FOREST BROOK STUDENT GOVERNMENT STUDENTS BEAUTIFY “ANGELA’S HOUSE”

Forest Brook’s Student Government along with its advisors, Mrs. Govits and Mrs. Irvine, visited “Angela’s House” and planted flowers to beautify the grounds. “Angela’s House” assists families caring for medically frail children who are living at home with their parents or in special homes that offer 24-hour nursing support. They offer supportive services to improve the quality for the children and their families.

Mr. Policastro, the founder of “Angela’s House,” congratulated Mrs. Irvine for her retirement and thanked her for her many years of support and dedication to “Angela’s House” and its great cause.

Here are some beautiful of the students helping to brighten “Angela’s House!”

HIGH SCHOOL STUDENTS ACHIEVE RANK OF EAGLE SCOUT

Congratulation to our High School students who have recently achieved the Rank of Eagle Scout! These students from Troop 343 have achieved the highest rank in the Boys Scouts of America. This distinction is earned by only about 6% of Scouts. To earn this rank, a Scout must advance through seven ranks, earn at least 21 merit badges, serve in several leadership positions and plan, manage, and complete a significant community service project.

Over the years, 119 Scouts from Troop 343 have achieved this distinction with many of their projects enhancing and beautifying our Hauppauge community.

We would like to congratulate these students on this remarkable achievement. The list also includes students from the Class of 2020.

FOR SENIORS, THE DECISIONS ARE MADE, AND IT'S A "K - 12 CELEBRATION!"

Monday, May 3rd was "National Decision Day" at Hauppauge Schools. May 1st is typically the date by which students must commit to a college/university. As it fell on a weekend this year, it was observed in our District on the 3rd.

"Decision Day" is a nation-wide event for seniors, but in Hauppauge, we prefer it to be a K-12 celebration. All staff and students were encouraged to wear college, university, military or career apparel to school to help to celebrate the plans of the "Class of 2021."

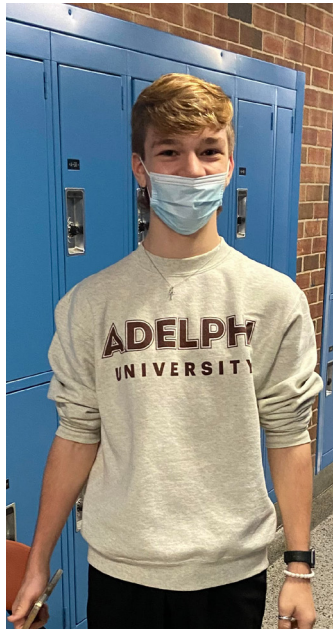

Dr. Carolyn Probst, Assistant to the Superintendent for Educational Services and Student Outcomes said, "With help from teachers, counselors, coaches, staff, and community, the Class of 2021 has triumphed in the face of this challenging year."

Enjoy these great photos of our students and staff!!

AIDAN LOBENSTEIN

LSU

DOUBLE BASS PERFORMANCE & PSYCHOLOGY

Aidan Lobenstein
will attend
Louisiana State University
where he will study
Double Bass Performance
and
Psychology on
Transformation Merit and
LSU Music Premiere Scholarships.
During high school,
Aidan enjoyed participating in
Select Strings, Jazz Band,
Pit Orchestra, and Tennis.
Aidan earned spots to play in
the All-National Symphony,
All-Eastern Symphony, and
All-State String Orchestras.
Congratulations, Aidan!

Izzi Lewin will attend
Northeastern University
where she will study
Biochemistry as a
Pre-Dental student on a
Dean's Scholarship.
During high school,
Izzi enjoyed participating in Igni-
tion, Interact, and
History Club,
being the Public Relations
Officer of French Club,
and playing Volleyball.
Izzi was inducted into the
National Honor society,
the Science Honor Society,
the French Honor Society,
and the Rho Kappa
History Honor Society.
Congratulations, Izzi!

KATIE DOLCE

PSYCHOLOGY & CRIMINAL JUSTICE

Katie Dolce
will attend
Northeastern University
where she will study
Psychology and Criminal Justice
on a Dean's Scholarship.
During high school,
Katie enjoyed participating in
the Fall Drama,
the Spring Musical,
Chamber Choir, and the
Drama Club,
for which she served as
President.
Katie is an AP Scholar
with Distinction who was also
inducted into the
National Honor Society
and the
Tri-M Music Honor
Society.
Congratulations, Katie!

Alex Krilovitch
will attend
SUNY Farmingdale
where he will study Nursing
on a Pre-Med track.
During high school,
Alex enjoyed playing
Volleyball and Baseball
and participating in the
Marching Band,
Wind Ensemble,
and Jazz Band.
Alex was inducted into the
National Honor Society,
the Tri-M Music Honor Society,
and the Spanish Honor Society.
Alex also participated in
NYSSMA.
Congratulations, Alex!
