

Collaborate! Innovate! Create!

The Long Island Museum welcomes children and teens for a summer of fun! Enjoy time on our beautiful 9 acre campus, located in Stony Brook, while exploring world class exhibitions and attending engaging workshops. From science to comics to printmaking, there's something for everyone @ The LIM!

Using Art to Discover the World of Science Join Educators from the Brookhaven National Lab!

Every year scientists at the Center for Functional Nanomaterials hold a contest to find the most beautiful nano-sized images of scientific data, results, or discoveries, created in their labs. In this workshop, you can be just like them! You will learn how to use sculpture, computer assisted design, and more to study current science research at Brookhaven Lab.

The week will culminate with an art showcase on the last day.

July 11-15 10:00 AM - 12:00 PM Grades 4-6

July 11-15 1:00 PM - 3:00 PM Grades 7-9

August 1-5 1:00 PM - 3:00 PM Grades 10-12

Fee: \$275 member/\$300 non-member

TEEN CREATORS CLUB: Comic & Illustration Camp Instructor: Anu Annam, Artist & Educator

Comics

Calling the next-gen of content creators! Express yourself through comics. Students will learn about the art of creating comics by exploring overall concept, character development, setting, and storyline. Drawing skills will be developed as students work on backgrounds, faces and figures in motion and leave with their own comic creation!

Illustration

Students deepen their understanding of illustration and expressive line and color by developing their technical skills in art, observation and theory. They explore elements of drawing such as form, composition, proportion, value, perspective, line quality, and crucial principals in color theory and hand mixing that will give them the confidence to express their own artistic vision.

The instructor, Mx. Annam, imparts drawing and color lessons that they developed throughout their 30 years experience as an artist and arts educator. Through these meticulously designed exercises, students unlock and improve their natural gifts. There is teacher assisted studio time to allow for vital personal expression. All experience levels welcome!

Comics: July 18-22 10:00 AM - 12:00 PM Grades 6-8

Illustration: July 18-22 1:00 PM - 3:00 PM Grades 6-8

Camp LIM: July 18-22 10:00 AM - 3:00 PM Grades 6-8

Fee: \$225 member/\$250 non-member (one session)

Fee: \$425 member/\$475 non-member (both sessions as part of Camp LIM!)

Fantastic Funhouse @The LIM

Instructor: Anu Annam, Artist & Educator

A multimedia extravaganza just for kids! Work in mediums of paint, chalk pastel, pencil, collage and clay. Students will focus on learning new techniques, such as shading, perspective and color theory. Finished artwork may range from drawings and paintings, to collage, to sculpture and multimedia combinations of all!

July 25-29 10:00 AM - 12:00 PM Grades 3-5

Fee: \$225 member/\$250 non-member

Want to expand your child's experience?

Upgrade to Camp LIM!

Kids take a deeper dive into the many fun materials and can create larger projects such as a portable mural wall!

July 25-29 10:00 AM - 3:00 PM Grades 3-5

Fee: \$425 member/\$475 non-member

(Both a.m. and p.m. sessions as part of Camp LIM!)

Discover Printmaking!

Instructor: Kristin Cuomo, Museum Educator

Discover the exciting world of printmaking and its history in this hands-on workshop. Visit the exhibition *Two Centuries of Women Artists on Long Island* to study techniques and find inspiration, then create artworks using a variety of printing methods and media.

August 8-12 10:00 AM - 12:00 PM Grades K-2

Fee: \$225 member/\$250 non-member

A Week with Leonardo da Vinci

Instructor: Samantha O'Rourke, Museum Educator

Leonardo da Vinci was known for his works in art, math, science, and many other fields, giving him the nickname "Renaissance Man." Today, we use the term STEAM to describe all of the different fields he worked in. Over the week, children will learn about da Vinci, his areas of study, and participate in projects and activities related to them. Automobiles, map making, painting, and even his role as inspiration for the Teenage Mutant Ninja Turtles will be just a few of the topics we will cover during the week!

August 15-19 10:00 AM - 12:00 PM Grades 3-5

Fee: \$225 member/\$250 non-member
