MEET OUR ASSISTANT PRINCIPAL

MR. TRENTOWSKI

Written by
**Dakota Eleazer-
Daniels**

This year we have two new assistant principals, and I sat down with Mr. Trentowski to interview him. In today's article you will learn about who he is and some fun facts.

Mr. Trentowski

Do you enjoy being assistant principal?

Mr. Trentowski enjoys being assistant principal very much and I quote- "Loves working with students for a living."

What was your dream job, and what persuaded you to become an assistant principal?

When Mr. Trentowski was younger his dream job was to be a professional baseball player, but what persuaded him to be an assistant principal was his Mother- who was a school nurse and his Father- who was a health teacher.

What is the hardest part about being an assistant principal?

While interviewing Mr. Trentowski we learned that what he likes least about being assistant principal is disciplining students and bus duty. "The other thing I least like about my job is bus duty when it gets really cold outside!"

When you were in middle school, what clubs were you in, and which ones were you favorite?

When Mr. Trentowski was younger in middle school some of his favorite clubs were art club and cross country and track- he loves sports.

Which college did you go to and what was your major?

Mr. Trentowski not only attend one college, but two. The first college he went to was Cortland- which is upstate New York and the other college he attended was Hofstra University- while attended these colleges, he got a degree in teaching. Even though Mr. Trentowski is an assistant principal he's a very cool and interesting person, for starters he loves video games and playing Nintendo Switch and if that's not cool... WELL THEN I DON'T KNOW WHAT IS! 🤖
